COMPANY PROFILE

CORELEAD is a multinational high-tech enterprise who designs and produces smart LED mirror and mirror cabinets to the whole world. With the motto of “a better product, a better self”, we aim to be a global leader for LED mirror industry.

CORELEAD has 3 production centers located in Ningbo, Zhongshan and Serbia. With a global team of 450 employees and an annual capacity of 650,000 pcs of LED mirrors, we light up one bathroom every 20 seconds. Ningbo factory has passed all kinds of quality and social audits, including ISO9001 and BSCI, being able to accept and operate mass production. Zhongshan factory is uniquely professional for complicated products with difficult aluminum frames, locating in the industrial center of bathroom industry. Serbia factory is the only factory of LED mirrors of Balkan with easy transportation and services to East and West Europe. All major products obtain the certificates of CE, ROHS, REACH, UKCA, UL, ETL, SAA, CCC and others, with various patents of invention and utility models.

CORELEAD has different business channels as OEM / ODM export, domestic online and offline business, overseas online commerce and others. With 3 sales teams in China, Europe and North America, we supply to big DIY stores like COSTCO, LOWES, LEROY MERLIN and others. We grow by 50-100% each year from 2015 to 2024, and still remain growing even in the pandemic year of 2022, with products sold and welcomed in over 30 countries worldwide.

CORELEAD is establishing a keep-learning platform for every CORELEADER and strives her utmost to achieve her mission as “to produce a better product for the world, to build a better self for the society, and to pursue the spiritual and material wealth and happiness for every CORELEADER”.
